STEVE AND TONI CHAMBERS

*New York City, New York*

Steve and Toni Chambers serve in the largest city in the United States—a city that is a cultural and business engine for the entire nation and world—New York City. They were sent by their small, Alabama church to plant Grace City Church NYC to reach those who need Christ.

The Chambers intentionally began the church by meeting in small groups since many in their neighborhood were skeptical of Christianity. Meeting in groups allowed for Steve and others in his church to build deeper relationships and address specific questions about the faith.

They gather for worship every other week, and in the weeks in between, they intentionally gather outside the church walls to invite new people and build relationships that lead to conversations about the Gospel.

**THE COOPERATIVE PROGRAM** is the financial fuel for reaching every person for Jesus Christ in every town, every city, every state, and every nation. Your support through the Cooperative Program helps church planters form Gospel-centered relationships in the communities they serve that bring more people to a saving knowledge of Christ.

**PRAY** that the Lord would draw more people to Himself in New York City through the efforts of church planters like the Chambers.

FUELING THE GREAT COMMISSION
